

Curriculum Intent Statement for **Business**

At Chase Terrace Academy we aspire for all of our students to achieve greater things than they ever thought possible.

We pride ourselves on being a warm and welcoming school that places community at the heart of everything we do. Our ambitious curriculum is enriching and inclusive, providing challenge and breadth for all. This empowers our students to become compassionate, confident and creative individuals who are resilient, respectful and equipped with a desire to take up a fulfilling role in society and the wider world.

In Business we push students to explore not just the principles of Business, but how enterprise on a global scale affects all our lives regardless of background, chosen career or political outlook. We study a variety of topics from Year 8, through to GCSE and A-Level and aim to give our learners practical, real life skills that equip them to make sensible financial choices, prepare for their financial futures and to understand how the world of Business will affect their personal finances and career choices. Ultimately, we aim to give students the knowledge and experience they need to study Business to degree level or to be able to apply their knowledge of Business to their future aspirations and career plans.
