

Curriculum Intent Statement for Art

At Chase Terrace Academy we aspire for all of our students to achieve greater things than they ever thought possible.

We pride ourselves on being a warm and welcoming school that places community at the heart of everything we do. Our ambitious curriculum is enriching and inclusive, providing challenge and breadth for all. This empowers our students to become compassionate, confident and creative individuals who are resilient, respectful and equipped with a desire to take up a fulfilling role in society and the wider world.

In Art students are introduced to a range of historic and contemporary art practitioners and designers to broaden their understanding of what it means to be an artist, their working methods and the wider social/moral/political issues they explore. They explore how artists fit into the wider world and how those skills transfer into the wider artistic design community. Students develop skills in a range of media from drawing, painting and photography to printing, animation, textiles, sculpture and ceramics. They learn how to develop, refine and apply a skill with critical consideration, reflection and appropriate application. They explore how they can develop and communicate their own ideas independently. The emphasis is on developing skills, contextual understanding and resilience. Students learn how to work hard to succeed and celebrate the achievements gained from an art piece crafted with skill and care. Our KS3 curriculum models that of our KS4 and 5 curriculum and helps students develop the skills needed in order to succeed later on in school life and beyond. We strive to develop student's core skills and an appreciation of craft whilst also nurturing creativity and their ability to express themselves and their own ideas. A willingness to explore and take risks in their work is an important part of the curriculum.

Curriculum Implementation Plan

| Art | | | | | | |
|--------|--|----------|---|----------|--|----------|
| | Term 1.1 | Term 1.2 | Term 2.1 | Term 2.2 | Term 3.1 | Term 3.2 |
| Year 9 | Students build upon a the core skills learnt in Y7 and 8. They further their understanding of how to use tone and directional mark making to create form. Explore sketching and proportioning and the use of mark making to create texture (GCSE AO3). Skills are now demonstrating increased levels of refinement and | | Students Must study one of the following themes: <ul style="list-style-type: none"> Fears and Phobias They may explore the following themes: <ul style="list-style-type: none"> Crime and Punishment Portraits / Human form / Self Animals / Wildlife Travel | | Students must use the following media: <ul style="list-style-type: none"> Clay Students may explore the following Media: <ul style="list-style-type: none"> Print / mono print / relief / poly tile Clay Other 3D media / cardboard, wire etc Animation Textiles | |

|--|---|---|---|
| | <p>control, with materials used increasingly purposefully. Subject matter is more challenging as are the concepts explored. Work is reinforced by critical reference to the work of contemporary and historical artists (GCSE AO1). This understanding of artistic and cultural references is increasingly mature, demanding and detailed in content. Artists research is often used a platform for exploring a range of appropriate media (GCSE AO2). They make connections between media and purpose in a mature way. Historical and contemporary references explore art in a wider social context and explore culture / social issues. Students explore links to the world or work and the importance of transferable skills when relevant. Schemes of work build skills, knowledge and critical thinking required for the KS4 curriculum and develop an increasingly independent and in-depth understanding of artistic practise.</p> | <ul style="list-style-type: none">• Reflections | <ul style="list-style-type: none">• |
