

Virtual CEIAG SMHW March – August 2020

- 1) **Be Ready** –Accredited modules Year 11 to support you with preparing for the next stage in your education/training.
- 2) **Weekly Higher Education Higher Horizons**- resources years 7 up to Years 13.
- 3) **Youth Employment UK** - Skills Booklet Years 9 upwards
- 4) **YEUK Young Professionals** - on line employability modules Years 9 and upwards
- 5) **University webinars** – whole range of Universities and HE topics
- 6) **Amazon**- Virtual Engineering and Coding programme
- 7) **Rolls-Royce** -Design competition
- 8) **Inspired Teenage Plus** – On line social platform for students and parents launched with 3 x weekly on line live lessons and speakers
- 9) **Dentsu- Marketing competition** worth £200.00 global employer Dentsu
<https://www.dentsuaegisnetwork.com/#top> Students have the chance of winning up to £200 in Amazon vouchers and the opportunity of Mentoring with this global employer .
Year 10, 11, and VI form
- 10) **Thinking about teaching** <https://www.futurelearn.com/courses/thinking-about-teaching>
- 11) **BMET**- Virtual apprenticeship event
- 12) **Founder for Schools**- Inspiring careers role model webinar - This is a free webinar to inspire students in an interactive online event. Inspirational leaders from the world of business share their unique career journey. By sharing insights, career guidance, lessons and tips to motivate and inspire we hope to support young people to make informed decisions about their future. Similar to a TED Talk, speakers will share their career journey for 8 - 10 minutes, followed by a lively Q&A session where students can ask questions online.
- 13) **Year 11 boost employability in lockdown**- This resource will give you some ideas on how you can still continue to boost those skills that future employers will be looking for from you but you can still do during lockdown.
- 14) **Ministry of Justice** on line careers workshops yr 10-13
- 15) **Cyber Security**- 200 free challenges on this website <https://cyber-school.joincyberdiscovery.com/>
- 16) **On line training** - Year 11, 12 and 13 new and free on line qualifications.
<https://www.thetraininginitiative.co.uk/funded-courses-staffordshire>
 - I. Digital Marketing
 - II. Business Administration
 - III. Level 2 Certificate in Customer Service
 - IV. Level 2 Certificate in the Principles of Business Administration
 - V. Fitness Instructor
 - VI. Event Planner
 - VII. Teaching Assistant
 - VIII. Door Supervisor
- 17) **Landscaping** - Interactive webinar
- 18) **Girls in Engineering videos**- Next Gen "Inspiring the Next Generation of Makers" - we understand that at this time of remote learning it may be difficult for you to advise students on STEM careers and life after school. To help, we have created some videos of 'Young Engineers' that you can share with students. Discussing what Engineering is really like to work in and why they love it. We hope you and your students find them insightful...
- 19) **Science/Medical and Pharmaceutical Industry careers** - Here is a link for a free on line event for students interested in these careers and also what you do with a Science Degree? It is delivered by a Senior Director for the Pharma Consultancy.

- 20) **Teen Tech Innovation sessions-** Do you want to meet some exciting people who work in science and technology. TeenTech Innovation Sessions offer students, aged 11 – 18, insight into world-class organisations and the opportunities that lie within them. We are now offering these sessions online and each session will be hosted by a leading TeenTech sponsor or supporting company.
- 21) **Psychology taster** webinar year's 9 to 11 - Psychology subject taster webinar is aimed at students in Years 9-11
- 22) **Parent and Carer University webinars**
- I. Applying for University - This webinar will help parents and carers understand the application process, including the UCAS application and writing a personal statement. Through the session, we'll consider what makes a strong university application, consider students personal interests and achievements to date.
 - II. Researching courses and universities - This webinar is designed to ensure parents and carers can best support their young person with the decision-making process. Through the session, we'll help you understand how to evaluate different higher education providers and compare degree courses and study options.
- 23) **Short story competition** Year 9 and over – White Water Writers
- 24) **CV/Cover letter/mock interview & Industry insights webinars** Year 10, 11 and Year 12 would particularly benefit from these webinars. Sadly the opportunities, and activities booked including work experience, careers tasters and other activities which were planned for the summer, can no longer go ahead.
- 25) **Channel 4 and jobs in TV webinar-** Find out more about the different job opportunities available at a broadcaster like Channel 4!
- 26) **Careers Ready Skills Workshops-** At the Skills Festival workshop, an experienced volunteer will provide you with the skills & knowledge needed in the professional environment. Learn more about the functional skills and life skills. Our Career Ready Masterclasses are designed to connect young people with the world of work in a fun and inspiring way. As part of our programme offering, we ensure all our Plus+ students receive a six series masterclass. We will be continue delivering these sessions but instead of in the classroom a volunteer online will deliver them.
- 27) **Industry insights- Working in Finance**
- 28) **Virtual work experience week 8th June years 9,10,11,12**

Join The Careers & Enterprise Company for “My Week of Work” where School pupils will still be able to gain insight into the world of work despite the lockdown thanks to plans from Oak Academy, Learn Live and The Careers & Enterprise Company. All the sessions are completely appropriate for a young person to access independently or with their parents/carers too. The CEC, Oak and Learn Live have worked in partnership to create a whole week's worth of content aimed at preparing young people for the world of work. Pupils will be able to choose from five key economic sectors in which to gain insight. They will hear from employers, learn about the businesses and complete virtual work tasks. The content has been developed, in partnership with employers, school leaders and careers education experts.

- 29) **Keele Uni - Studying Medicine** Keele University student Emily talks about her experiences studying Medicine at university so she can become a doctor.
- 30) **Year 11/VI form Humanities/Social Sciences event-** Inspiring Minds: Social Sciences & Humanities. Our Inspiring Minds Online: Social Sciences and Humanities event will take place throughout the 17th to 21st of June. This event is open to Year 11 (going into Year 12) and Post-16 students, and will allow them to explore different subject areas (psychology, politics, geography and media to name a few!), as well as offering an insight to various career paths and general information and guidance regarding

university. Students will also be able to take a virtual tour of the campus and facilities here at Loughborough University, and can ask any questions they might have in a virtual web chat!

- 31) **Girls into STEM careers-** The event is open to Years 9, 10 and 11, and will feature STEM taster sessions, talks from successful women in various STEM careers, and guidance on researching future options. Also, students can explore what university life is like with our virtual campus tours and related videos, and have the chance to talk to our students live on the web chats!
- 32) **Higher Education subject resources from home-** Welcome to HE at Home, a programme of interactive activities delivered from the comfort of your own home. These sessions are designed to inspire and inform your children about different subject areas available at Higher Education (HE) level, some of the careers they could progress into, as well as the key skills your children will need to thrive as a student
- 33) **Screen & Film School**, a University in Brighton (and opening in Manchester next year) offering filmmaking and film business degree programmes. – To be screened live to our Year 12 Performing Arts

44) Uni tasters different Universities & subjects every Tuesday

<https://www.unitasterdays.com/ut-tuesdays.aspx> Featuring different subjects and universities each week. These events provide a one-stop opportunity to ensure students and schools are up to date with all aspects of university guidance. Events are free to attend. They'll include presentations from different universities and Q&A opportunities. Event topics and the universities attending will change each week - but you can expect to hear from universities UK wide on topics including why higher education, student finance, choosing a course, UCAS, and a range of events introducing studying particular subject areas at university. Events are delivered as webinars and to support safeguarding procedures, only the UniTasterDays.com host and university event speakers will be visible to participants during the event. The live events are for post-16 audiences, which students can also book direct. Pre-16 audiences will have full access to the recordings and event information after the event as well.

45) Careers in radiography, podiatry ks3, 4 and 5- The WOW show have been commissioned by the NHS to let you learn all about a career as a Podiatrist or a Therapeutic Radiographer and being part of the army of Allied Health Professionals who make such a difference to people's lives. The WOW Show video guides take students behind the scenes to learn from near peers who are making their way in these valuable careers – and to hear directly from them about the pathways they took, what the job is really like, and what the opportunities are for the future www.thewowshow.org/youtube

46) Why study languages?- University event offered by Aston University Event Summary: This talk looks at what studying languages at University involves (either on their own or in conjunction with another subject) and the doors it can open. The talk explains the Aston approach of teaching languages with an applied and professional focus, equipping students with fundamental skills in intercultural understanding <https://www.unitasterdays.com/events/event/59935/why-study-languages-video-talk>

47) Languages talk Aston University Languages talk: The Culture Map: Understanding the other side of the world - 17 June 2020. Aston University the Culture Map will invite students to think about communication across cultural boundaries. Exploring areas of cultural difference between our culture and others. Aiming to show that language is not enough to communicate with other cultures; we need intercultural skills as well.

48) Discover Chemistry Leicester University Discover: Chemistry 17 June 2020 University of Leicester. Our online subject taster days provide an opportunity to explore a

chosen subject in detail, discover potential career options and experience what life is like as a university student.

49) Year 7, 8 and 9 National Enterprise Challenge:

<https://www.nationalenterprisechallenge.co.uk/> The National Enterprise Challenge is the UK's largest enterprise competition and provides students aged 11–15 with a real-life business challenge set by some of Britain's best-known brands. Two challenges every year, one for KS3 and one for KS4. It takes place over the course of a full school day and can be delivered to up to 250 students. Students compete in teams, with one winning team selected to represent their school at the National Grand Final held in July each year.

50) Oxford University virtual open day <https://www.univ.ox.ac.uk/news/virtual-open-day/>
