

22nd February 2021

Dear Parent(s)/Carer(s),

Please find enclosed your child's most recent data report. There will be an opportunity to discuss the information included in this document further at the Year 12 Parents' Evening on 22nd March.

The enclosed document includes your child's target grade for each of their subjects. This is based on the grades that they achieved in their GCSEs. The document also includes a Working at Grade (WAG), which is the grade that all of your child's work to-date has been awarded, including assessments. The prediction is what the teacher for each subject area believes your child is on track to achieve once the course has been completed and any necessary support and intervention has taken place. If your child studies Applied Science, ICT, Performing Arts or Sport then these subjects are graded as pass (P), merit (M) or distinction (D).

Please note that the information included in this report is based predominantly on assessments completed prior to the Christmas break. Predictions are based on students returning to school during this half-term, completing their studies and sitting end-of-course examinations as normal.

The report also includes an 'Attitude to Learning' grade which is on a scale of 1 to 4. This takes into account the level of effort and commitment applied to an individual's studies in lessons, as well as their completion of homework and wider independent study. A grade of 1 indicates that a student is doing everything that is required of them inside and outside lessons, often going above and beyond expectations. A grade of 4 would indicate that there are serious concerns about the efforts of an individual and that this is having an impact on their progress.

If you have any immediate concerns to raise with an individual subject area prior to the Parents' Evening on 22nd March, please contact the subject leader named on the reverse of the data sheet.

Yours faithfully

Mr J. Cain
(Deputy Headteacher)
