

January 2024

Dear Parent(s)/Carer(s),

On Monday 19th February, our Year 11 students will begin their second and final round of mock examinations. The examination period will last for two weeks and students will sit papers in almost all of their subjects.

The focus of these mock examinations is to provide students and staff with a progress update following the first round of mocks and to outline where further work is needed ahead of the final exams in Year 11.

As mentioned previously, information regarding the revision process, including a planning proforma, can be found on the school website at <https://chaseterraceacademy.co.uk/school-life/revision/> Mock examination timetables will be given directly to the students once they are finalised. Students have been receiving revision support during their Personal Development lessons.

Students will also be supported in individual subject areas with specific revision activities and this work will be set through show my homework

It is really important that students have the correct equipment for their examinations so that they are able to attempt each question. Students should ensure that they have: two black biros, a pencil and sharpener, an eraser, a ruler, a compass, a protractor and a scientific calculator. If they bring a pencil case, it should be clear.

If students wish to take a bottle of water into the examination with them, the label should be removed and the bottle can only contain water. Mobile phones are not allowed in the exam hall under any circumstances and all watches should be removed prior to entering the exam hall.

Some of the afternoon examinations will be completed before the end to the normal school day. Once these exams are finished, students will be free to leave the site. Please note that there will be no school crossing support on the main road outside the school at this time, so students should take extra care if they need to cross the main road. Any students who get the bus home will be able to wait in the library until the end of the day.

The students did a tremendous job in their first round of mock examinations and are now very familiar with the process. It is essential that all of our students are undertaking a structured programme of revision at home ahead of these examinations and the final ones and that they give every subject their very best effort. If you require any wider support with revision, please contact the Year 11 Team or your child's form tutor.

Yours faithfully

Mr J Cain
Deputy Headteacher
